H LINE

Ultra Modern Handleless Kitchens

H LINE COLLECTION

H Line is an ultra minimal, clean lined and modern mix of gloss, textured and super smooth finishes, all blended together with a true handleless programme of furniture, allowing almost any taste in finish to be accommodated.

Combined with our exclusive and unique rail system, we have options of colour and finish that provides even more scope for perfection and individuality.

H Line offers you the freedom to create exclusive linear designs that are functional, yet ultra sleek and desirable. All base and tall cabinets are offered extra deep to maximise internal space and storage capacity. Our wall units allow you to store a full 12 inch dinner plate. In addition, we have removed the traditional centre post from our cabinets and replaced it with an aluminium profiled grip rail that combines to support the wall cabinet, whilst adding another aesthetically pleasing element to your design.
